

WSSA Advocacy Update
09/17/2019

The Department of Health is recruiting for a Maternal Mortality Review Panel and would like anesthesiologists to be involved. The Panel conducts comprehensive reviews of maternal deaths to identify factors associated with those deaths and make recommendations for system changes to improve health care services for women. To apply to become a Maternal Mortality Review Panel member, go to www.doh.wa.gov/maternalmortality before the application period closes on **Oct. 15**.

If you have any policy or regulatory concerns, please contact WSSA at office@wa-anesthesiology.org. Your input can help shape our advocacy agenda.

The WSMA Board and Staff will keep you updated as advocacy efforts continue.
